INFORMATION DISCLOSURE STATEMENT

With this communication, applicant is submitting a PTO Form SB/08A listing four references that were cited in the International Search Report that was published with the PCT application on which the subject application is based. Copies of the references are also submitted herewith. Unfortunately, three of the four references are not in English and the undersigned does not presently have English translations of those references except for an English language abstract for one of the two German patent documents.

It is noted that the person who prepared the International Search Report characterized all four references as "defining the general state of the art which is not considered to be of particular relevance.

Favorable action is solicited.

Respectfully submitted,

David C. Purdue
